

our firm

Established in 2010, TERPconsulting is a fire protection engineering and code consulting firm based in the Las Vegas Valley with permanent offices in Denver and Los Angeles.

Our services include:

- Fire Protection Reports
- Code consulting
- Master egress analysis & preparation
- Construction management
- Performance-based design
- Existing system assessments & analysis
- System design, analysis, testing & inspections
- Fire protection engineering analysis
- Fire Hazard Analyses
- Fire/life safety
- Fire & egress modeling
- Requests for Alternate Methods
- Commissioning and acceptance testing
- Special inspections

We excel at coordinating fire protection and life safety features into the overall building design, accounting for building aesthetics, function and cost while balancing building and fire code requirements.

We have extensive experience in fire protection engineering for large-scale construction projects throughout the world. Our specialties include:

Industrial • Residential • Cannabis • Gaming • Hospitality • Storage
Government • Healthcare • Transportation • DOE • Nuclear

Our professionals are licensed in 25 states and by the National Examiners for Engineering and Surveying (NCEES) and are also National Institute for Certification in Engineering Technologies (NICET) Certificate holders in Fire Alarm & Fire Suppression.

Systems:

Fire alarm • Fire suppression • Clean agent • Fireproofing • Egress
Industrial • Fire-rated assemblies • Smoke control • HAZMAT
ADA compliance • Kitchen hood • Passive fire protection systems
